Hungarian Military Organization in Austria and in Germany

Zako and his organization and other Hungarian military organization united all former Hungarian soldiers in the Magyar Harcosok Bajtarsi Közössége.

The chief of this new formation is Zako, more general.

The staff chief is Nadas Lajos col. Zako is supported by all Hungarian political formations.

I would like to clear the background of Nadas. Nadas was a pro German, and a hard supporter of Beregffy and Szalasi. He was the chief of the Strategic Section of the War Department during the Armistice Proclamation of Horthy in October 19. 1944. He gave the order not to obey to Horthy. He was once pro German organizer in the Hungarian Army. In his vicinity I will find the same party that in 1944.

Zako in his organization has two formations right Nadas and left Eszenyi.

The two parts are joint by Kovacs Ferent /see the sketch/ I plan.

His determinations are supposed on the letters which I get from Austria and Germany during the last two months.

If I would be able to go to Austria, speak first with Kovacs, from whom I can get all information about the Magyar Harcosok Bajtarsi Közössége.

There is a danger which is growing again--the pro German officer organization, in the top Nadas. The Hungarian political leader will face to the same right pro German organization as they did in 1941. I hope when the American will support in the left formation /Eszenyi, Szemes, /we can avoid the later troubles. My determination is supported by Ney Karoly activity too, who is travelling in Austria and Italy to reorganize the former arrow cross and SS formations. I subjoin a proclamation from a Hungarian organization which call us attention to the activity of Ney. One day I think would be use full to clear up the Hung. Com. in N.Y. too.

Consignore Magyar said the following story. One of the resistenz member escaped from Hungary meet with Cap. Gömbös and in Innsbruck. During the conversation Cap. Gömbös told to him, you are a honorable gentleman, -but you are not a good Hungarian, because you are not a member of the party /Gömbös did not mentioned the arrow cross party, only he was thinking of them. / It means that exist now a Hungarian arrow cross organization in Austria and Germany. I suppose it is leading by former general staff officers which are in connection with Nadas and his party.

I am quite sure that Zako is anxious about it, and there for I would support Zako in his struggle to be independent from Nadas.

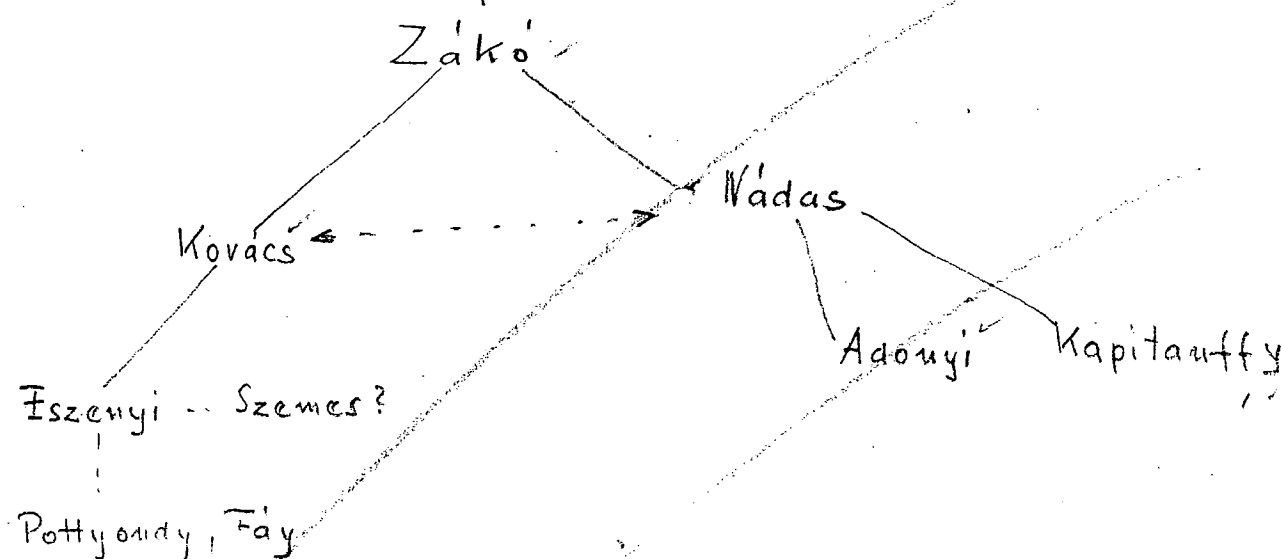

The most active part of Zako organization may be is the Nadas's one.

I let to precede all this to make clear my plan and to explain my filling.
 I would collasoret with the right by Adonyi and independent of them working with Kovacs and support the left organization. I would make steps to prevent Nadas's officers to get key positions in the future at the Army.
 My confidential subject would be Kovacs right and left. There for at first I will speak with Kovacs.

I. The plan

Domo has a chance to make a trip to Austria, Insbruck with a ski group(~~xxxxxxx~~) at the end of February and stay there a week. He intends to ^{meet} ~~see~~ there Kain and Abel as well as 29/1. The purpose is to build communication channels to AE land. KAIN and ABEL have already a chain operating, couriers and 29/1 most likely made some arrangement with his former collaborators for future contacts. The three chains KAIN, ABEL, 29/1 will be build up and will operate separately and independently. 29s approach: a group of Ae experts ~~xxxxxxx~~ was organized and intend to prepare plans for the future of the country, need information. 29 will be instructed in invisible writing.
